B. Nature and Justification for Revision Request

Spencer Press has requested a minor revision to incorporate into the license the addition of a single Domino Ink Jet Printer, thereby bringing the total to 42 facility-wide. Spencer Press is not requesting an increase in current license emissions.

Therefore, since there is no increase in emissions, this request has been processed as a part 70 minor revision and meets the requirements of such, and all references to the Domino Ink Jet Printers should read "42" rather than the existing "41."
